the overwhelming challenge that south africa faces and has to date failed to address is unemployment which falls especially on african youths who were promised a better future after 1994 if the current unemployment challenge is not addressed it will be impossible to sustainably lift many millions of people out of poverty how south africa works reviews the country s major economic achievements over the past two decades through numerous interviews with politicians business leaders and analysts it examines the challenges and opportunities across key productive sectors including agriculture manufacturing services and mining illustrative

of the policy challenges that leaders face it scrutinises the social grant and education systems to understand if south africa has established mechanisms for people not only to escape destitution but be ready to be employed and identifies steps that some of south africa s most notable entrepreneurs have taken to build world class enterprises recognising the essential challenge to cultivate more employers to employ people how south africa works concludes by offering an agenda and active steps for greater competitiveness for government business and labour

state failure takes many forms somalia offers one extreme the country's prolonged civil war led to the collapse of central authority with state control devolving to warlord led factions that competed for the spoils of local commerce political power and international aid malawi on the other hand is at the other end of the scale during president bingus second term in office the country's economy collapsed as a result of poor policies and bingus shand of personal politics on the surface malawis economy seemed largely stable underneath however the polity was fractured and the economy broken in between these two extremes of state failure are all manner of examples many of which mills explores in the fascinating and profoundly personal why states recover throughout he returns to his key questions how do countries recover what roles should both insiders and outsiders play to aid that process drawing on research in more than thirty countries and incorporating interviews with a dozen leaders mills examines state failure and identifies instances of recovery in latin america asia and africa for anyone interested in the reasons behind states failure and remedies to ensure future economic stability it is important reading

by analysing the irish development strategy this book questions its much portrayed success the republic of ireland has followed an export oriented development path relying on foreign direct investment inflows as the main development agent however this chosen path of development has led to growing industrial social and developmental polarisations despite the indisputable impressive overall growth figures growth is primarily driven by the investing multinationals and the inequality of earnings have been exacerbated thus questioning the irish growth model s success

china is fast emerging as a powerful player on the world stage this book takes a closer look at the country's stance on a range of global issues arguing that its multipolar diplomacy offers a concrete strategy to constrain the us pursuit of unipolar primacy many people assume that china will follow an imperialistic strategy and therefore be in direct conflict with the american empire in a quest for world domination jenny clegg shows that china is in fact taking a multilateral approach offering real assistance to developing countries and helping to build the institutions required to run a multipolar world without glossing over china s own internal difficulties the book argues that its international consensus building strategy could lead to a more peaceful and equitable world this book offers a refreshing perspective on china that will be of great value to those interested in the big political questions of how to tackle war and imperialism globalisation and development as well as to undergraduate students of politics economics and international relations
