the sixteen contributions which make up this volume are representative of the research currently carried out in italy on italian and more generally romance syntax in the generative tradition the essays were specially collected to pay homage to professor lorenzo renzi a scholar who has since the 1960s promoted and shaped the study of italian syntax in italy both through his own work and through a collective enterprise which culminated in the publication of the grande grammatica italiana di consultazione 3 vol bologna il mulino 1988 1995 most of the contributors to this volume were engaged in that enterprise as young unemployed linguists and are now

among the most prominent specialists in the field of italian syntax

american writer gertrude stein was definitely decades ahead of her time injecting experimental and avant garde elements into her work she described her method as literary cubism an understandable goal for someone who was close friends with picasso and many other important artists of the day although the collection three lives definitely pushes the literary envelope the stories still manage to convey tender and engaging human portraits of three very different female protagonists

this is an open access title available under the terms of a cc by nc nd 4 0 international licence it is free to read at oxford scholarship online and offered as a free pdf download from oup and selected open access locations this book provides an in depth investigation of contrastive focalization in italian showing that its syntactic expression systematically interacts with the syntactic expression of discourse given phrases vieri samek lodovici disentangles the properties genuinely associated with contrastive focalization from those determined by highly

productive operations affecting discourse given phrases in Italian namely right dislocation and marginalization based on a vast aggregate of evidence he shows that in the default case contrastive focalization occurs in situ and that left peripheral focalization patterns arise from the interaction with right dislocation and generalize well beyond the familiar cases examined in Rizzi 1997 and most literature since in the final chapter the author examines how the key properties unveiled in the previous chapters such as focalization in situ follow from the prosodic constraints governing stress placement thus reinterpreting and extending Zubizarreta's 1998 insight about the role of prosody in shaping syntax overall the book offers an evidence backed radical departure from current views of focalization that posit a high fixed focus projection at the left periphery of the clause it also provides the most comprehensive study of Italian marginalization and right dislocation available to date

shit happens but at the arctic camp it's happening too much and too often for Egan the mess from the scientist camp has left a pall over the training camp and still there is no sign of Teegan Mountain's brother the surrounding tundra has been gridded and searched but so far nothing except another body Berry's sister convinced her to try a new experience and apply for this training camp with her except none of her training prepared her for what lay ahead being in close quarters and cooped up due to the ugly weather several people struggle to stay calm and in control when her sister shows a side of her personality she'd never seen before she's wondering what she can do to fix this but was it even fixable and if she'd been taken in how many other team members had been as well and did it have anything to do with the nightmare happening right under their noses Egan and Berry need to find out before they become the next victims
