the extraordinary true story of a small group of frenchwomen all resistance members who banded together in a notorious concentration camp to defy the nazis from the new york times bestselling author of madame fourcade s secret war at once heartbreaking and beautifully told this is a masterwork of nonfiction a must read for anyone who wants more of the incredible true story behind lilac girls martha hall kelly author of lilac girls decades after the end of world war ii the name ravenbrück still evokes horror for those with knowledge of this infamous all women s concentration camp better known since it became the setting of martha hall kelly s bestselling novel lilac girls particularly shocking were the medical experiments performed on some of the inmates ravenbrück was atypical in other ways as well not just as the only all female german concentration camp but because 80 percent of its inmates were political prisoners among

them a tight knit group of women who had been active in the french resistance already well practiced in sabotaging the nazis in occupied france these women joined forces to defy their german captors and keep one another alive the sisterhood's members amid unimaginable terror and brutality subverted germany's war effort by refusing to do assigned work they risked death for any infraction but that did not stop them from defying their ss tormentors at every turn even staging a satirical musical revue about the horrors of the camp after the war when many in france wanted to focus only on the future the women from ravenstrück refused to allow their achievements needs and sacrifices to be erased they banded together once more first to support one another in healing their bodies and minds and then to continue their crusade for freedom and justice an effort that would have repercussions for their country and the world into the twenty first century

despite some pioneering work by scholars historians still find it hard to listen to the voices of women in the holocaust learning more about the women who both survived and did not survive the nazi genocide through the testimony of the women themselves not only increases our understanding of this terrible period in history but makes us rethink our relationship to the gendered nature of knowledge itself women in the holocaust is about the ways in which socially and culturally constructed gender roles were placed under extreme pressure yet also about the fact that gender continued to operate as an important arbiter of experience indeed paradoxically enough the extreme conditions of the holocaust even of the death camps may have reinforced the importance of gender whilst jewish men and women were both sentenced to death gender nevertheless operated as a crucial signifier for survival pregnant women as well as women accompanied by young children or those deemed incapable of hard labor were sent straight to the gas chambers the very qualities which made them women were manipulated and exploited by the nazis as a source of dehumanization moreover women were less likely to survive the camps even if they were not selected for death gender in the holocaust therefore became a matter of life and death
