in edge of empires carroll situates hong kong squarely within the framework of both chinese and british colonial history while exploring larger questions about the meaning and implications of colonialism in modern history

michael share explores the historical relationship between russia and the chinese eastern periphery hong kong taiwan and macao share s extensive research of archived materials shows that russian and soviet dealings with the chinese eastern periphery were inextricably linked to broader international relationships with great britain japan and the united states

in networks beyond empires kuo examines business and nationalist activities of the chinese bourgeoisie in hong kong and singapore between 1914 and 1941 the book argues that speech group ties were key to understanding the intertwining relationship between business and nationalism organization of transnational businesses and nationalist campaigns overlapped with the boundary of chinese speech group networks embedded in different political economic contexts these networks fostered different responses to the decline of the british power the expansion of the japanese empire as well as the contested state building processes in china through negotiating with the imperialist powers and chinese state builders chinese bourgeoisie overseas contributed to the making of an autonomous space of diasporic nationalism in the hong kong singapore corridor

some observers expect china to become an economic superpower others expect it to fragment into pieces is china nationalistic and on the march or is it a stumbling communist dinosaur is it already a billion citizen member of the global village is it as the clinton administration claimed a strategic partner of the u s ross terrill addresses the question upon which all these others depend is the people s republic of china whose polity is a hybrid of chinese tradition and western marxism willing to become a modern nation or does it insist on remaining an empire since the collapse of three thousand years of confucian monarchy in 1911 china has neither established a successful political system nor adjusted to being a nation state today it stands as the most contradictory of major powers hovering between an unsustainable tradition and a yet to be born political form that would support its new society and economy hanging in the balance are the prospect for freedom within china for both chinese and non chinese citizens of the people s republic the future of america s relations with china and the security of china s neighbors drawing upon terrill s long experience studying china as well as upon new research this enlightening and rigorous book will be a must read for everyone who has a stake in the future of the global world order

asia was the principle focus of empire builders from alexander and akbar to chinggis khan and qianlong and yet until now there has been no attempt to provide a comprehensive history of empire in the region empire in asia addresses the need for a thorough survey of the topic this volume covers the long 19th century commonly seen in terms of high imperialism and the global projection

of western power this volume explores the dynamic volatile and often contested processes by which by the early years of the 20th century asian states space and peoples became deeply integrated into the wider dynamics of global reordering drawing on case studies from across asia the contributors discuss key themes including ideology concepts of identity religion and politics state building and state formation the relationships between space people and sovereignty the movements of goods money people and ideas and the influence and impact of conflict and military power the two volumes of empire in asia offer a significant contribution to the theory and practice of empire when considered globally and comparatively and are essential reading for all students and scholars of global imperial and asian history

an historical empirical doctrinal and comparative case study of how a former british colony became china s international financial centre

sir frederick lugard ranks as one of britain most distinguished colonial administrators although he remains a controversial figure during his five years as governor of hong kong a brief spell in the middle of a long and dramatic career in africa lugard found in educational reform the scope he needed to make a lasting impression and give play to his imperialist theories and instincts the university of hong kong owes its existence to the initiative and tenacity of lugard his purpose in founding the university was to produce a new highly educated middle class trained in western technology and the english language a vanguard of increased british influence in the east this book paints a very human picture of lugard as a working governor in the relative stability of hong kong against a backdrop of the chinese empire being torn apart by revolution

step into the fascinating story of hong kong a city shaped by empires protests and the relentless pursuit of identity from its humble beginnings as a fishing village to becoming a global financial powerhouse this book unravels the complex forces that have defined hong kong s past and will shape its uncertain future do you struggle to understand hong kong s evolving relationship with china and the world are you looking for a clear engaging guide to its historical transformation and current political tensions a brief history of hong kong the city caught between empires protests and power takes you on a riveting journey through the city s colonial legacy economic rise and the battles for autonomy that continue today with rich storytelling and sharp analysis this book brings hong kong s history to life giving you the insight needed to grasp its place in global affairs the untold stories behind hong kong s transformation from a british colony to a global financial hub a deep dive into the 1997 handover political shifts and economic

impacts the rise of protests and civil unrest from the umbrella movement to the national security law the challenges hong kong faces today and what the future might hold for the city s autonomy and identity a balanced accessible account that connects historical events to current realities whether you re a historian a business leader or simply curious about one of the world s most influential cities this book will give you the knowledge and perspective you need don t miss your chance to decode hong kong s past and future grab your copy today and uncover the hidden history behind the city s fight for identity

when hong kong returned to china in 1997 an empire ended exactly 500 years after vasco de gama first sailed to the asian mainland in the process the orient has become a catchphrase for all things modern and dynamic what are the legacies left in asia by 500 years of colonial presence this book braids the colonial experiences in hong kong indonesia malaysia singapore the vietnam and mainland china into a single colorful fabric explores the relationship between east and west offering a magnificent work of history that takes the first full measure of an evolutionary process that pulled the world from the age of empire into the asian century
